

First Annual

# ***Kites not Fighter Jets***

All Day - **Sat, Oct 3** (rain date October 10)

**Kite fly across Madison and beyond.**

*Reclaim our public spaces for peaceful enjoyment.*

1. Decorate your kite.
2. Fly your kite at any park or other open space.
3. Send us a picture of your kite and you having fun that day, to be put on social media and website.

There will be a contest for the best kite! Kites will be judged on creativity and impact of message.

Be sure to take precautions: don't fly in street, near power lines and be sure to distance and wear mask as needed.

We want to cut military spending, cut the F-35 jets. Start the cuts at home, that's the way to do it responsibly! Fund human need --- not rich man's greed. Let the politicians know what your priorities are. What do you want to fund? We'd rather fund our communities, our schools, our infrastructure, our healthcare. The military is already far too big and used to kill too often, with wars based on lies.

Post your pictures to our Facebook page (@nof35sinMadison) or send to:

**[kites@safeskiescleanwaterwi.org](mailto:kites@safeskiescleanwaterwi.org)**

Request a kite if you can't get your own. We have a limited number available.
